

## David Riley, Parent Governor

I became a parent Governor in April 2015 with a view to giving something back to my community through the School. I have lived and worked in the local community all my life. I have been a Civil Servant for most of my working life, working across numerous Government Departments. I have spent the last 8 years in the Human Resources (HR) function where I have gained a Diploma in HR Management. I have been married for 25 years and have five children. In my role as a parent Governor I am looking to assist the Principal, and her staff, in taking forward the many improvements that have been implemented in the last couple of years. My ultimate aim is to ensure our pupils have the opportunity to achieve the best exam results possible, and that the School experience is an enjoyable one for pupils and staff.
