

Joanne Boulton, Community Governor

I grew up in Southport and moved to Liverpool to study teaching at Hope University College. Having achieved a B.Ed (Hons) degree and a MSc I was lucky enough to be offered a teaching position at Bedford Primary School. 27 years later I'm still there! During my many years at Bedford I have taken on varying roles including English lead, Foundation Stage Manager, Safeguarding lead, management, student mentor and have been a class teacher throughout EYFS, KS1 and lower KS2.

My current role as Music lead allows me to share my enthusiasm for this subject with my colleagues and the children I teach. Away from school I am a member of a choir and am involved as a volunteer with the Cathedral choir. I love music and theatre and believe passionately that these experiences should be available to all children. I know from experience how talented the children in our community are!
