

## Mike Cunliffe, Chair of Governors

Hi, my name is Mike Cunliffe, a local business man, educated in Liverpool, who is passionate about bringing equal opportunities to students within Merseyside and surrounding areas. My business experience helps me open doors and stimulate interest within the community, to deliver the best possible experiences to the students at Hillside High School.

I have been in school governance for five years within the local area and look forward to my time here, encouraging our students to see what life can offer in and around Merseyside and further afield, and giving them the necessary tools to achieve and fulfil their ambitions.
