

## Robert Myatt, Community Governor

I am currently Assistant Principal at Birkenhead Sixth Form College and have recently become involved with the school in forging a close partnership and offering additional progression routes for Hillside students at Post 16. I am very passionate about education and raising the aspirations of young people. I am therefore delighted to join the governing body of Hillside.

I have been in teaching for over 11 years now and started as a Psychology teacher in a Comprehensive school on the outskirts of Leicester. After 6 enjoyable years I relocated to Merseyside and joined Birkenhead Sixth Form college. I have been at the college for 5 years and started as Head of Department for Psychology, Film and Media studies and more recently taken up the role of Assistant Principal.

In my spare time I enjoy spending time with my family, I am married and have a 7 month old daughter. I also am a keen runner and like to play football and tennis when I get chance. I am originally from Nottingham and a long term suffering Nottingham Forest fan.
