

It is a pleasure to serve on the Governing Body at Hillside High School.

I have spent a career in education, latterly as the Headteacher of a specialist provision for young people aged 14-19 with additional needs. Preparing our students for adulthood was challenging, different every day and reliant upon all our staff, families and agencies working closely together!

I will endeavour to champion this positive, resilient approach with Hillside students too during my time as a governor.

Despite recently retiring I refuse to play golf, still cook to an abysmal standard and suffer supporting the team from the blue half of Merseyside!
