

Attendance Special

**HILLSIDE
HIGH SCHOOL**
WADE DEACON TRUST

Dear Parents/Guardians,

We have decided to dedicate this week's newsletter to Attendance. Good attendance is obviously crucial and has a massive impact on the results our young people achieve. Last year's GCSE results once again proved this, with pupils with 93% or below attendance achieving 7 less GCSE grades than their peers who had 97% attendance or above.

In school we have a significant number of pupils whose attendance is excellent and it was my pleasure to invite every pupil who had 100% attendance in the first half term to breakfast with me and their Progress Leader on Monday. Keep up the good work everyone and I look forward to celebrating your ongoing 100% attendance when we return to school in January.

Unfortunately we still have too many pupils whose attendance isn't where it needs to be. Not only is this significant for their academic progress but they are also missing out on all the lovely activities and events which go on at Hillside. As mentioned below, in the coming weeks your child's Form Tutor, Progress Leader or a member of the Leadership Team will be ringing you to discuss and offer any support you may need. We also have two dedicated Attendance Officers who can offer any support needed (please see below). We know that by working in partnership with you we can achieve amazing things with our young people, but they certainly need to be in school for this to happen.

Amanda Ryan, Principal

Thought for the Week

Friday 18th November 2022

Attendance Strategy Launch— It's Good to Talk

It is important that we talk about attendance. Over the next few weeks Form Tutors and teachers will be phoning parents of children whose attendance is below 95%.

These phone calls are intended to offer an opportunity to discuss your child's attendance and see if there is any support we could offer to improve their attendance.

We will be setting a target for your child to try to achieve and there will be follow up calls to see how things are going.

We know that every absence results in lost learning, no matter how valid the reason for that absence. It is vital that we focus on reducing this lost learning so that it does not impact your child's future outcomes.

Data from last year's GCSE results demonstrates that pupils with 93% attendance, achieved 7 less GCSE grades than those with more than 97%.

Our Attendance Officers

"Hi everyone. My name is Miss Elliott and I am very excited to be here at Hillside, I have spent the last 13 years working with younger children in a childcare setting and thought it was time for a new adventure into education, so I decided to swap toddlers for teenagers! I am delighted to be your attendance officer."
Miss Elliott

"Hi everyone. My name is Miss Chialton I will be joining the Attendance department at Hillside. I have spent the last 10 years working in a primary school setting and thought it was time for a new adventure, I am really looking forward on starting my new role as a attendance officer and being part of the Hillside team"
Miss Chialton

Attendance Special

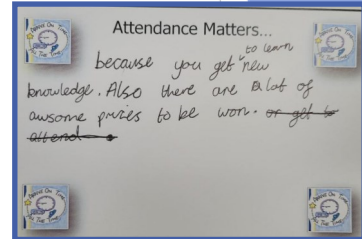

Why Attendance Matters... What our Pupils Say...

"Because I can see my friends everyday, it makes me happy"

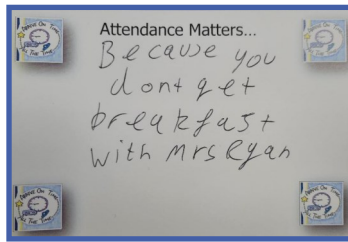

"You need to come in every single day to get 100% attendance, don't stay off for silly things and keep your kindest to others"

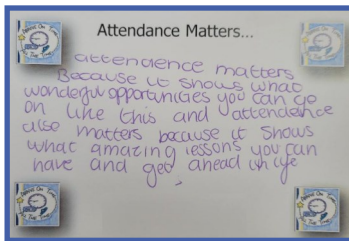

"Because you get breakfast with Mrs Ryan"

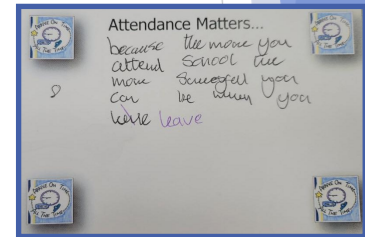

"Because the more you attend school the more successful you can be when you leave"

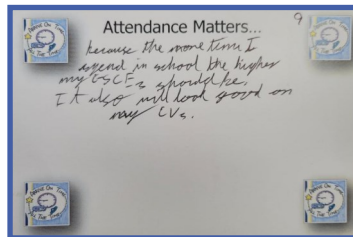

"I love hanging out with friends and lessons are so fun"

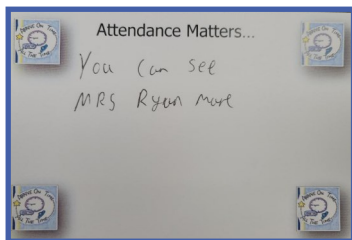

"Because you miss out on experiences and memories with friends!"

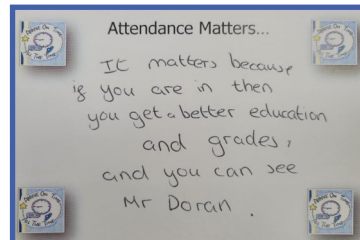

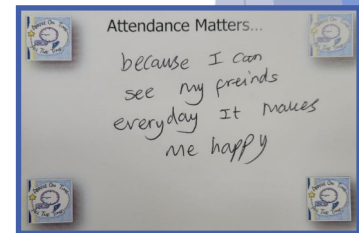

"Because the more time I spend in school the higher my GCSE's should be. It also will look good on my CV"

"Because if you don't attend school you can't learn and if you don't learn then you can't get the best education that you are supposed to get"

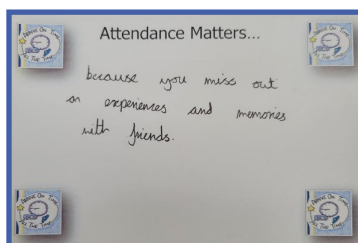

"You can see Mrs Ryan more"

"It matters because if you are in then you get a better education and grades and you can see Mr Doran"

"Because it shows what wonderful opportunities you can get like this breakfast and attendance also matters because it shows what amazing lessons you can have and get ahead in life"

"Because you get to learn new knowledge. Also there are a lot of awesome prizes to be won"
